

INNOVATION LEADER

Scale-Out File Storage

IT Innovation is the development of solutions which solve problems in new ways. In 2017, global IT professionals named NetApp as the Innovation Leader.

2017

In this year's brand survey covering Scale-Out File Storage, IT pros voted NetApp as the 2017 leader in Market, Price, Performance, Reliability, Service & Support, and Innovation. This indicates the breadth of their capabilities stands out in an ultra-competitive field of challengers.
