

PERFORMANCE LEADER

Scale-Out File Storage

Fast moving data is the lifeblood of private and public cloud data centers. In 2017, global IT professionals picked NetApp as the Performance Leader.

2017

In this year's brand survey covering Scale-Out File Storage, IT pros voted NetApp as the 2017 leader in Market, Price, Performance, Reliability, Service & Support, and Innovation. This indicates the breadth of their capabilities stands out in an ultra-competitive field of challengers.
